Employee Proficiency Survey

We are committed to fostering a culture of continuous improvement and professional growth at Tellistic University. To achieve this, we are conducting an Employee Proficiency Survey to better understand the skills, experiences, and development needs of our staff. Your insights and feedback are invaluable in helping us identify areas of strength and opportunities for enhancement.

Job Knowledge and Skills

On a scale of 1 to 5, how would you rate your understanding of the core responsibilities of your position?

How confident are you in applying the skills required for your job on a daily basis?

Problem-Solving and Critical Thinking

How often do you encounter situations that require creative problem-solving in your role?

Can you provide an example of a complex problem you solved recently and describe your approach?

Communication and Collaboration

How effectively do you communicate with colleagues, students, and other stakeholders?

How would you rate your ability to work collaboratively within your team or department?

Adaptability and Learning

How do you stay updated with the latest developments in your field or area of work?

How open are you to learning new skills and adapting to changes in your job?
